

GENDER DISTORTION

Lipstick stained
Crystal wine glasses
Secret Fetishes
And Compulsions

Anger bubbles up
Inside me
Compounded by compassion
For the man I love

Gender roles reversed
Feminine clothing in chaos
As he tries to dispel his mask of Manhood
For the woman inside him

I want to slap her
But a pain heavier than my own
Weighs her down
So I wait...

Allowing time
For her fragile soul
To breathe
